Syngenta Professional Pest Management Products

Advion® Ant Gel Insecticide

ADVION® Ant Gel is a highly attractive gel formulation that controls a broad range of ant species. This translucent, no odour, non-staining formulation has a slight delay in mortality caused by the active ingredient. This delay encourages ants to consume more bait and return to the harbourage to contaminate other ants resulting in significant reduction in population levels.

Labelled pests

Major pest ants, including: Black house ant, Pavement ant, Argentine ant, Pharaoh ant, Crazy ant and Red Imported Fire ant

Active: indoxacarb (0.5 g/kg)

Pack: 30 g RTU syringe

**Also available in a
MULTIPACK**

Advion® Cockroach Gel Insecticide

ADVION® Cockroach Gel is a highly palatable gel bait that provides fast, thorough control of a wide spectrum of cockroaches. ADVION® Cockroach Gel is powered by indoxacarb which has a unique mode of action allowing for the primary, secondary and tertiary control of cockroaches.

Labelled pests

American, German and other common cockroaches

Active: indoxacarb (6.0 g/kg)

Pack: 30 g RTU syringe

**Also available in a
MULTIPACK**

FOR LIFE UNINTERRUPTED™

No odour (NO)

Non-staining (NS)

Indoors & outdoors (IO)

Broad spectrum (BS)

Demand[®]CS Insecticide

DEMAND[®] CS Insecticide delivers long-lasting control against mosquitoes, flies, spiders and a wide range of other insects. Its versatility makes it a winner – apply it outdoors or indoors, on hard surfaces like outdoor furniture and under decks.

Labelled pests

Ants, Carpet Beetles, Cockroaches, Fleas, Flies, Mosquitoes, Silverfish, Spiders and Woodlice

 AsureQuality

Active: lambda-cyhalothrin (25 g/L)
Pack: 1 L

Talon[®]WB Rodenticide

TALON[®] WB Rodenticide kills rats and mice in a single feed, making it an exceptional solution for both residential and commercial infestations. TALON[®] requires less bait – so less cost and less labour compared to other rodenticides, helping you deliver long-lasting results while saving money.

Labelled pests

Rats and Mice

 AsureQuality

Active: brodifacoum (0.05 g/kg)
Pack: 10 kg

Syngenta Pest App

Available for Apple[®] and Android[™] devices, the Syngenta Pest App is a free mobile tool designed to put essential product and application information at the fingertips of pest management professionals. The app includes details about Syngenta products, labels, safety data sheets (SDS), videos and a mixing calculator.

FOR LIFE UNINTERRUPTED[™]

Syngenta Professional Pest Management is committed to delivering innovative pest control solutions and a broader range of support services to help you succeed as a pest management professional and help your **customers get on with life uninterrupted from pests.**

Strength from a global R&D company

Syngenta is a global research, development and technology company with headquarters in Switzerland. It employs 28,000 people, in more than 100 countries with 116 R&D sites. Annually \$1.3bn is invested on research in insect, weed and disease control as well as emerging opportunities.

Extensive and expanding innovative product range

The range that Syngenta can offer today's professional pest manager continues to grow and expand. The products combat all kinds of pest issues, responsibly and efficiently, providing better solutions for both residential and commercial pest control problems that you face every day.

Service and technical support

Syngenta thinks beyond just products to find ways to help you as a pest management professional build your business, by supporting the industry in general and through tailored training. They have a team of dedicated professionals who are available to support you with sales or technical issues.
